

## HACKATHON #3

DAY 1# (Laying the foundation for my market place journey)

### Template # 2.

#### MARKETPLACE Type:

- General e-commerce website where I can sell sofa's lamps & tables in different size & colors directly to buyers.

#### BUSINESS GOALS:

- Buyers usually struggle to find good quality furniture in reasonable prices in one place. my platform solves that by offering a curated collection.
- My Targeted Audience are Homeowners, Interior designers, & businesses for offices & cafes.
